

Name _____

Class _____

Date _____

Progression: Easy

Year 4

Complete The Addition (A)

$2000 + \square = 6000$

$1000 + \square = 9000$

$2000 + \square = 3000$

$5000 + \square = 7000$

$2000 + \square = 4000$

$1000 + \square = 2000$

$6000 + \square = 9000$

$2000 + \square = 8000$

$3000 + \square = 4000$

$4000 + \square = 6000$

$\square + 2000 = 8000$

$\square + 7000 = 10000$

$\square + 1000 = 1000$

$\square + 6000 = 7000$

$\square + 7000 = 9000$

$\square + 2000 = 4000$

$\square + 4000 = 5000$

$\square + 2000 = 9000$

$\square + 2000 = 6000$

$\square + 1000 = 2000$

How confidently can you
work out number bonds
to multiples of 1000?

Not confident

Fairly confident

Very confident
